OBJECTIVE

Final Year Electronic and communication engineering student with good knowledge in Electronics and Software Skills .Consistently excelled academically while contributing as a volunteer at PSS Trust NGO since 2019, reflecting resilience, leadership, and social responsibility. Seeking internship and professional career opportunities to apply technical skills, contribute to impactful projects, and gain industry exposure.

TECHNICAL SKILLS

Programming : C, Python Programming, Data Structures

Electronics : Digital Electronics , Analog Communications,VLSI, Microcontrollers,Embedded Systems

Tools : MATLAB, Multisim Simulation

EDUCATION

B.Tech–Electronics and Communication Engineering, Sreyas Institute of Engineering, Hyderabad |
Expected 2027 | CGPA: 8.68

Diploma – Embedded Systems Engineering, Government Institute of Electronics | 2021 – 2024 |
CGPA-9.45

PROJECTS

Dry & Wet Waste Segregator: Designed and developed an automated system using sensors and micro-controller to segregate dry and wet waste, promoting efficient waste management and sustainability.It emphasize sensors, circuits, programming, algorithms, and system design.

Advanced WPT for EV& IOT Devices: Engineered a wireless charging solution for EVs integrated with an IoT-based monitoring to track environmental data through local interfaces.In

PARTICIPATIONS & CERTIFICATIONS

- **Smart India Hackathon 2025:** Participated in Smart India Hackathon 2025, collaborating with a multidisciplinary team to design innovative solutions for real-world problems. Strengthened skills in problem-solving, teamwork.
- **5G Network Software Testing Workshop:**Actively participated in the 2-Days workshop on “5G Networks Software Testing” by IEEE Sreyas Student Branch.
- **CodeXcelerate-2025:** Gained practical exposure to ESP32 firmware updates, computer vision, speech processing, and Python-based distributed storage recovery through active participation in CodeXcelerate 2025.

COMMUNITY ENGAGEMENT

Student Volunteer – PSS Trust NGO | 2019 – Till date

- Acquiring educational support from PSS Trust NGO since 9th standard ,enabling academic progress through Diploma and B.Tech.
- Volunteering as a mentor for students, guiding them in academics and career awareness.
- Actively contribute to awareness programs and academic initiatives, developing leadership and teamwork skills.
